Supporting Statement

As a lifelong enthusiast of fencing, I am excited to apply for and to have received the nominations for this position.

I have been a Project / Programme/ Transition manager for over 30 years with a Multinational FTSE 250 company. In that time, I have successfully managed multi Million £ Project and Programme delivery, major change programmes, and Transition and Transformation initiatives to a number of UK and international customers.

I am excited to bring my decades of organisational experience and skill in “getting things done” with an understanding of, and managing the differing requirements and priorities of multiple supplier’s, stakeholders and customers to achieve mutually successful outcomes combined with my straightforward attitude would be of great benefit to your organisation.

Having fenced in my youth, I returned to the sport some 15 or so years ago and since then:

- I have developed myself into a qualified Coach and referee
- Have overseen the establishment of a dedicated fencing Salle in Stirling
- Have been instrumental in growing its expansion into a larger premises
- Built up a club membership to circa 80 members
- Delivered countless taster and community fencing sessions
- Organised and delivered 4 successful large fencing competitions (Stirling Sword), liaising between multiple stakeholders, customers and NGB’s
- Organised and continue to run a number of smaller local youth events.

Working with other board members, operational Staff and the wider SF community I would seek to offer my experience of organising and running successful and profitable fencing competitions events to SF as well as my decades of organisational and corporate Governance experience to the board

I look forward to the possibility of contributing further to Scottish Fencing in a board position
